
CALL FOR SPONSORS

The Luxembourg Institute of Science and Technology (LIST) will host the 3rd European Tangible Interaction Studio (**ETIS**) from June 19th – 23rd 2017.

Tangible interaction is a research field addressing areas at the border of the physical and the digital. Nowadays many researchers, designers, developers and artists work in this area and a vast range of products and applications are designed and produced accordingly. Besides, many research projects are funded through research funds at a European and international level.
